**PRESS RELEASE**

**CONNECTIVERx EXPANDS PITTSBURGH CAMPUS TO STATE-OF-THE-ART LOCATION**

*The Leading Biopharmaceutical Services Company to Become Full-Building Tenant in New Boardwalk Campus*

**Pittsburgh, PA (March 27, 2019)** – ConnectiveRx, a leading services company that works with biopharmaceutical manufacturers to commercialize and maximize the benefits of specialty and branded medications, announced an exciting relocation of the company’s Pittsburgh campus. ConnectiveRx will occupy a full building at the new Boardwalk campus, currently under construction by Burns Scale Real Estate, in North Fayette in RIDC West on Park Lane Drive in Pittsburgh.

The 106,000-sf. office building will be home to all of ConnectiveRx’s Pittsburgh-based employees in 2020, serving as one of the Company’s main campus headquarters, with the other main campus located in Whippany, NJ.

“Pittsburgh has been, and will continue to be, home to the expanding ConnectiveRx company. In addition to its proximity to some of the industry’s leading life sciences and health IT companies, Pittsburgh provides exceptional talent that we look forward to having join our growing team,” said Steve Fleck, Chief Operating Officer, ConnectiveRx. “We are eager to unify our Pittsburgh campus at the new Boardwalk location and provide our teammates, clients and guests with a first-class environment to work and visit.”

“We recognize the need for new office space that better serves the needs of people and corporations, especially in the parkway west corridor. Burns Scalo Real Estate is experiencing strong demand across our portfolio as corporations seek to upgrade their office environments to drive talent recruitment and retention,” stated Jim Scalo, CEO of Burns Scalo Real Estate, the developer of the Boardwalk campus.

The new Boardwalk campus exemplifies urban suburbia with direct walkability and accessibility to a wide variety of dining, shopping, living, hospitality, grocers and more. Onsite bus stops, bike sharing, and sidewalks bring the action of the city into the Parkway West, conveniently located 5 minutes from the Pittsburgh International Airport. Burns Scalo Real Estate will be simultaneously constructing Boardwalk 2, an identical 106,000-sf. speculative building, directly across the street.
